

## **Tetra Tech Acquires European Management Consulting Firm Carron + Walsh**

*March 27, 2025*

Tetra Tech, Inc. (NASDAQ: TTEK), a leading provider of high-end consulting and engineering services in water, environment, and sustainable infrastructure, announced today that the Company has acquired Irish management consulting firm, Carron + Walsh.

Carron + Walsh delivers project and cost management solutions for large-scale commercial, life sciences, residential and infrastructure programs across Europe from their headquarters in the Republic of Ireland. Carron + Walsh has valued relationships and framework agreements with life sciences' clients, public sector bodies, housing authorities, financial lenders and private development companies. Carron + Walsh's proven systems and technology in program management, cost management and project controls provide superior project outcomes for their clients.

"We are very pleased to welcome Carron + Walsh to Tetra Tech," said Dan Batrack, Tetra Tech Chairman and CEO. "Carron + Walsh further expands Tetra Tech's client network and cross-selling opportunities in the delivery of critical infrastructure programs in the Republic of Ireland. Their innovation in project delivery, directly aligns with our Leading with Science® approach and expands our technology suite in project management services."

"We are proud of the business we have built and the trust we have earned from our clients," said Denis Carron, Joint Managing Director, Carron + Walsh, A Tetra Tech Company. "Partnering with Tetra Tech allows us to scale our impact while maintaining the same high-quality service that our clients expect. We look forward to this new chapter of growth and collaboration, where we can apply our skills to new, large, complex, sustainable and infrastructure programs."

"Joining Tetra Tech is an exciting opportunity for us to build on our success and bring our expertise to a larger global audience," said Marian Walsh, Joint Managing Director, Carron + Walsh, A Tetra Tech Company. "Our clients and employees will benefit from enhanced resources, expanded service offerings, and a shared commitment to innovation and excellence. Together we can address the emerging opportunities in the defense, government, and commercial sectors in the Republic of Ireland and across Europe."
